FLF – HISTORY AND OVERVIEW

Frasheri Law Firm was established with a simple yet revolutionary model for the Albania marketplace; to serve as a one-stop-office, with multiple services under one roof, for easy company incorporation and added business support services that entrepreneurs and SMEs require.

Frasheri Law Firm has well-staffed and highly experienced Sales, Marketing, PRO, Operations, and Finance teams. It has turned itself from a relatively small player in the business setup marketplace, to one of the respected company set up firms in the Albania, having successfully supported companies even during the pandemic.

Frasheri Law Firm now offers a wider range of AIDA (Albanian Investment Development Agency) or Foreign Direct Investments (FDI) and AHPVSH (The Agency for Designing Special Citizenship Programs) formations for those looking to take permanent offices in Tirana and trade actively onshore, Free Zone & Offshore company setup options along with banking, B2B, legal assistance & PRO Services.

Frashëri Law Firm is part of the SFAI Global, an international network of legal professionals with more than 14,000 people in 115 countries, offering professional services in the field of tax law, audit and accounting with ISA and IAASB standards.

Frashëri Law Firm is the first and only law office in Albania that offers services through Artificial Intelligence (AI) in the handling of client documentation. With the exclusive ownership of the Artificial Intelligence Platform in the Legal Profession, its clients save 85% of the operational time you would need available and you will save up to 80% of financial costs in money.
